HOBBIES

I am currently apart of UA Phi Mu as well as a volunteer with CMNH, and in FYO. My role with the Children's Miracle Network Hospital consists of communication with the children and activities/ fundraisers to donate, volunteer work through my sorority, and an annual fundraiser called UADM to be with the children and raise money to support them. FYO is a student run organization dedicated to raising funds and awareness throughout the year for the patients treated at Children's health of Alabama. I have experience with many prior volunteer jobs and fundraisers including camps, car washes, nursing home volunteer work, and competition mentor work for my high school cheer competition.
